

DCCN Index 1995

Volume 14, Numbers 1-6

Author Index

- Anonymous; Escorting the Family Out of the ICU: Ethical and Legal Issues-Part I-Ethical Case, 3, 154.
- Barden C, Hansen M; Cold Versus Warm Cardioplegia: Recognizing Hemodynamic Variations, 3, 114.
- Barden C, Hansen M; Anticipating Hemodynamic Variations After Cold or Warm Cardioplegia in Open-Heart Surgery, 3, 125.
- Broschius SK; Preventing Complications of PEG Tubes, 1, 37.
- Campbell M; Interpretation of an Ambiguous Advance Directive-Part II-Ethical Analysis, 5, 227.
- Campbell M; Interpretation of an Ambiguous Advance Directive-Part I-Ethical Case, 5, 226.
- Campbell M; Analysis of Advance Directives, 5, 234.
- Case B; Critical Thinking: Challenging Assumptions and Imagining Alternatives, 5, 274.
- Clarke S; Increasing the Quality of Family Visits to the ICU, 4, 200.
- Constantino R; Escorting the Family Out of the ICU: Ethical and Legal Issues-Part II-Ethical Analysis, 3, 155.
- Curnow S; Battered Women in the Critical Care Setting: Strategies for Critical Care Nurses, 3, 160.
- Davis L, Cox R; Using Intervention Questions to Empower Family Decision Making, 1, 48.
- Donner T; Distinguishing Between Life-saving and Life-sustaining Treatments: When the Physician and Spouse Disagree-Part II-Ethical Analysis, 1, 44.
- Evans J, French D; Sleep and Healing in Intensive Care Settings, 4, 189.
- Fuzi B; Realization Impact: Nursing Assessment and Strategies, 6, 316.
- Gamble J, Hamilton P; Preventing Pulmonary Shunting Complications From Nitroprusside: Using a Decision Tree, 1, 27.
- Gordon P, Norton J; Managing Chest Tubes: What is Based on Research and What is Not?, 1, 14.
- Gordon P, Norton J, Merrell R;

- Refining Chest Tube Management: Analysis of the State of Practice, 1, 6.
- Hauer M, Cram E, Titler M, Alpen M, Harp, J; Intravenous Patient-Controlled Analgesia in Critically Ill Postoperative/Trauma Patients: Research-Based Practice Recommendations, 3, 144.
- Henry L; Music Therapy: A Nursing Intervention for the Control of Pain and Anxiety in the ICU, 6, 295.
- Hill L; Peripheral Electrical Stimulation: Titrating Neuromuscular Blocking Agent Levels, 6, 305.
- Hilton G; Experimental Neuroprotective Agents: Nursing Challenge, 4, 181.
- Jensen D; Applying a Sedation Algorithm to ICU Patients in Pain, 2, 67.
- Jensen D, Justic M; An Algorithm to Distinguish the Need for Sedative, Anxiolytic, and Analgesic Agents, 2, 58.
- Lavalley T, Dungan J; Relaxation Protocol to Reduce Patient Anxiety, 2, 78.
- Lewandowski A; Bridge to Cardiac Transplantation: Ventricular Assist Devices, 1, 17.
- Ludwick F, Hall L, Gaines S; Examining Management of Pain for Infants Following Cardiothoracic Surgery, 3, 136.
- Morray B; The Lottery of Life: Should Organ Transplants be Used to Even the Odds?-Part II-Ethical Analysis, 5, 269.
- Morray B; Pain Medication for the Patient Following Treatment Withdrawal-Part I-Ethical Case, 2, 92.
- Morray B; Pain Medication for the Patient Following Treatment Withdrawal-Part II-Ethical Analysis, 2, 95.
- Morray B; The Lottery of Life: Should Organ Transplants Be Used to Even the Odds?-Part I-Ethical Case, 5, 266.
- Ott B, Hardie T; Readability of Written Materials: Implications for Critical Care Nurses, 6, 328.
- Petula S, Hudacek S; The FemoStop Compression Device: Utilization Guidelines for the Critical Care Nurse, 5, 259.

- Romeo K; The Female Heart: Physiological Aspects of Cardiovascular Disease in Women, 4, 170.
- Romeo K; Women and Heart Disease: Unique Aspects of Teaching Women, 4, 179.
- Serkey J; Multidrug-Resistant Tuberculosis: A New Era in Prevention and Control, 5, 245.
- Stewart S; Caring for Patients with Acute Myocardial Ischaemia: The Perhexiline Maleate Experience, 3, 136.
- Stewart S, Kucia A, Poropat, S; Detecting Clinically Significant Right Ventricular Infarction in Patients with Acute Inferior Myocardial Infarction, 6, 293.
- Stewart S, Kucia A, Poropat, S; Early Detection and Management of Right Ventricular Infarction: The Role of the Critical Care Nurse, 6, 282.
- Vitale M, Funk M; Quality of Life in Younger Persons with an Implantable Cardioverter Defibrillator, 2, 100.
- Watne K; Distinguishing Between Life-saving and Life-sustaining Treatments: When the Physician and Spouse Disagree-Part I-Ethical Case, 1, 42.
- Westphal C; Storyboards: A Teaching Strategy for Families in Critical Care, 4, 214.
- Wise E; Preventing Complications in Infant Botulism, 2, 86.

Subject Index

Advance Directive

- Analysis of Advance Directives; 5, 234.
- Interpretation of an Ambiguous Advance Directive-Part I-Ethical Case; 5, 226.
- Interpretation of an Ambiguous Advance Directive-Part II-Ethical Analysis; 5, 227.

Advanced Technology

- Bridge to Cardiac Transplantation: Ventricular Assist Devices; 1, 17.
- Peripheral Electrical Stimulation: Titrating Neuromuscular Blocking Agent Levels; 6, 305.
- The FemoStop Compression Device;

Utilization Guidelines for the Critical Care Nurse; 5, 259.

Algorithm

- An Algorithm to Distinguish the Need for Sedative, Anxiolytic, and Analgesic Agents; 2, 58.
- Applying a Sedation Algorithm to ICU Patients in Pain; 2, 67.

Anxiety

- Relaxation Protocol to Reduce Patient Anxiety; 2, 78.

Applied Pathophysiology

- The Female Heart: Physiological Aspects of Cardiovascular Disease in Women; 4, 170.

Applied Research

- Battered Women in the Critical Care Setting: Strategies for Critical Care Nurses; 3, 160.
- Examining Management of Pain for Infants Following Cardiothoracic Surgery; 3, 136.
- Increasing the Quality of Family Visits to the ICU; 4, 200.
- Music Therapy: A Nursing Intervention for the Control of Pain and Anxiety in the ICU; 6, 295.
- Quality of Life in Younger Persons with an Implantable Cardioverter Defibrillator; 2, 100.

Assessment Techniques

- Cold Versus Warm Cardioplegia: Recognizing Hemodynamic Variations; 3, 114.

Cardiac

- Bridge to Cardiac Transplantation: Ventricular Assist Devices; 1, 17.
- Caring for Patients with Acute Myocardial Ischemia: The Perhexiline Maleate Experience; 3, 136.
- Detecting Clinically Significant Right Ventricular Infarction in Patients with Acute Inferior Myocardial Infarction; 6, 293.
- Early Detection and Management of Right Ventricular Infarction: The Role of the Critical Care Nurse; 6, 282.
- Quality of Life in Younger Persons with an Implantable Cardioverter Defibrillator; 2, 100.
- The Female Heart: Physiological Aspects of Cardiovascular Disease in Women; 4, 170.
- The FemoStop Compression Device: Utilization Guidelines for the Critical Care Nurse; 5, 259.
- Women and Heart Disease: Unique Aspects of Teaching Women; 4, 179.

Cardioplegia

- Anticipating Hemodynamic Variations After Cold or Warm Cardioplegia in Open-Heart Surgery; 3, 125.
- Cold Versus Warm Cardioplegia: Recognizing Hemodynamic Variations; 3, 114.

Challenging Diagnosis

- Early Detection and Management of Right Ventricular Infarction: The Role of the Critical Care Nurse; 6, 282.

Chest Tube Management

- Managing Chest Tubes: What is Based on Research and What is Not?; 1, 14.
- Refining Chest Tube Management: Analysis of the State of Practice; 1, 6.

Critical Care Nursing Technique

- Refining Chest Tube Management: Analysis of the State of Practice; 1, 6.
- Preventing Complications of PEG Tubes; 1, 37.

Critical Thinking

- Critical Thinking: Challenging Assumptions and Imagining Alternatives; 5, 274.

Education

- Readability of Written Materials: Implications for Critical Care Nurses; 6, 328.
- Storyboards: A Teaching Strategy for Families in Critical Care; 4, 214.
- Using Intervention Questions to Empower Family Decision Making; 1, 48.

Educational Strategies

- Critical Thinking: Challenging Assumptions and Imagining Alternatives; 5, 274.

Empowerment

- Using Intervention Questions to Empower Family Decision Making; 1, 48.

Ethical Case Comment

- Analysis of Advance Directives; 5, 234.
- Distinguishing Between Life-saving and Life-sustaining Treatments: When the Physician and Spouse Disagree-Part II-Ethical Analysis; 1, 44.
- Distinguishing Between Life-saving and Life-sustaining Treatments: When the Physician and Spouse Disagree-Part I-Ethical Case; 1, 42.

- Escorting the Family Out of the ICU: Ethical and Legal Issues-Part I-Ethical Case; 3, 154.
- Escorting the Family Out of the ICU: Ethical and Legal Issues-Part II-Ethical Analysis; 3, 155.
- Interpretation of an Ambiguous Advance Directive-Part I-Ethical Case; 5, 226.
- Interpretation of an Ambiguous Advance Directive-Part II-Ethical Analysis; 5, 227.
- Pain Medication for the Patient Following Treatment Withdrawal-Part II-Ethical Analysis; 2, 95.
- Pain Medication for the Patient Following Treatment Withdrawal-Part I-Ethical Case; 2, 92.
- The Lottery of Life: Should Organ Transplants be Used to Even the Odds?-Part II-Ethical Analysis; 5, 269.
- The Lottery of Life: Should Organ Transplants Be Used to Even the Odds?-Part I-Ethical Case; 5, 266.

Family

- Distinguishing Between Life-saving and Life-sustaining Treatments: When the Physician and Spouse Disagree-Part II-Ethical Analysis; 1, 44.
- Distinguishing Between Life-saving and Life-sustaining Treatments: When the Physician and Spouse Disagree-Part I-Ethical Case; 1, 42.
- Escorting the Family Out of the ICU: Ethical and Legal Issues-Part II-Ethical Analysis; 3, 155.
- Escorting the Family Out of the ICU: Ethical and Legal Issues-Part I-Ethical Case; 3, 154.
- Increasing the Quality of Family Visits to the ICU; 4, 200.
- Realization Impact: Nursing Assessment and Strategies; 6, 316.
- Storyboards: A Teaching Strategy for Families in Critical Care; 4, 214.

FemoStop

- The FemoStop Compression Device: Utilization Guidelines for the Critical Care Nurse; 5, 259.

Hemodynamic

- Anticipating Hemodynamic Variations After Cold or Warm Cardioplegia in Open-Heart Surgery; 3, 125.
- Cold Versus Warm Cardioplegia: Recognizing Hemodynamic Variations; 3, 114.

Implantable Cardioverter Defibrillator

- Quality of Life in Younger Persons with an Implantable Cardioverter Defibrillator; 2, 100.

Leadership Strategies

- Realization Impact: Nursing Assessment and Strategies; 6, 316.

Legal

- Escorting the Family Out of the ICU: Ethical and Legal Issues-Part II-Ethical Analysis; 3, 155.

Music Therapy

- Music Therapy: A Nursing Intervention for the Control of Pain and Anxiety in the ICU; 6, 295.

Neurology

- Experimental Neuroprotective Agents: Nursing Challenge; 4, 181.
- Peripheral Electrical Stimulation: Titrating Neuromuscular Blocking Agent Levels; 6, 305.

Organ Transplant

- The Lottery of Life: Should Organ Transplants Be Used to Even the Odds?-Part II-Ethical Analysis; 5, 269.
- The Lottery of Life: Should Organ Transplants Be Used to Even the Odds?-Part I-Ethical Case; 5, 266.

Pain

- An Algorithm to Distinguish the Need for Sedative, Anxiolytic, and Analgesic Agents; 2, 58.
- Applying a Sedation Algorithm to ICU Patients in Pain; 2, 67.
- Examining Management of Pain for Infants Following Cardiothoracic Surgery; 3, 136.
- Music Therapy: A Nursing Intervention for the Control of Pain and Anxiety in the ICU; 6, 295.
- Pain Medication for the Patient Following Treatment Withdrawal-Part I-Ethical Case; 2, 92.
- Pain Medication for the Patient Following Treatment Withdrawal-Part II-Ethical Analysis; 2, 95.

Pediatric/Neonatal

- Examining Management of Pain for Infants Following Cardiothoracic Surgery; 3, 136.
- Intravenous Patient-Controlled Analgesia in Critically Ill Postoperative/Trauma Patients: Research-Based Practice Recommendations; 3, 144.

- Preventing Complications in Infant Botulism; 2, 86.

PEG Tubes

- Preventing Complications of PEG Tubes; 1, 37.

Pharmacodynamics

- An Algorithm to Distinguish the Need for Sedative, Anxiolytic, and Analgesic Agents; 2, 58.
- Caring for Patients with Acute Myocardial Ischaemia: The Perhexiline Maleate Experience; 3, 136.
- Experimental Neuroprotective Agents: Nursing Challenge; 4, 181.
- Intravenous Patient-Controlled Analgesia in Critically Ill Postoperative/Trauma Patients: Research-Based Practice Recommendations; 3, 144.
- Multidrug-Resistant Tuberculosis: A New Era in Prevention and Control; 5, 245.
- Pain Medication for the Patient Following Treatment Withdrawal-Part I-Ethical Case; 2, 92.
- Pain Medication for the Patient Following Treatment Withdrawal-Part II-Ethical Analysis; 2, 95.
- Peripheral Electrical Stimulation: Titrating Neuromuscular Blocking Agent Levels; 6, 305.
- Preventing Pulmonary Shunting Complications From Nitroprusside: Using a Decision Tree; 1, 27.

Preventing Complications

- Preventing Complications of PEG Tubes; 1, 37.
- Preventing Complications in Infant Botulism; 2, 86.
- Preventing Pulmonary Shunting Complications From Nitroprusside: Using a Decision Tree; 1, 27.
- Sleep and Healing in Intensive Care Settings; 4, 189.

Relaxation

- Relaxation Protocol to Reduce Patient Anxiety; 2, 78.

Research

- Relaxation Protocol to Reduce Patient Anxiety; 2, 78.

Research Analysis

- Intravenous Patient-Controlled Analgesia in Critically Ill Postoperative/Trauma Patients: Research-Based Practice Recommendations; 3, 144.
- Readability of Written Materials:

- Implications for Critical Care Nurses; 6, 328.

Respiratory

- Managing Chest Tubes: What is Based on Research and What is Not?; 1, 14.
- Multidrug-Resistant Tuberculosis: A New Era in Prevention and Control; 5, 245.
- Preventing Pulmonary Shunting Complications From Nitroprusside: Using a Decision Tree; 1, 27.
- Refining Chest Tube Management: Analysis of the State of Practice; 1, 6.

Sleep

- Sleep and Healing in Intensive Care Settings; 4, 189.

STATPack

- Analysis of Advance Directives; 5, 234.
- Anticipating Hemodynamic Variations After Cold or Warm Cardioplegia in Open-Heart Surgery; 3, 125.
- Applying a Sedation Algorithm to ICU Patients in Pain; 2, 67.
- Detecting Clinically Significant Right Ventricular Infarction in Patients with Acute Inferior Myocardial Infarction; 6, 293.
- Managing Chest Tubes: What is Based on Research and What is Not?; 1, 14.
- Women and Heart Disease: Unique Aspects of Teaching Women; 4, 179.

Teaching Strategy

- Storyboards: A Teaching Strategy for Families in Critical Care; 4, 214.

Tuberculosis

- Multidrug-Resistant Tuberculosis: A New Era in Prevention and Control; 5, 245.

Ventricular Assist Devices

- Bridge to Cardiac Transplantation: Ventricular Assist Devices; 1, 17.

Women

- Battered Women in the Critical Care Setting: Strategies for Critical Care Nurses; 3, 160.
- The Female Heart: Physiological Aspects of Cardiovascular Disease in Women; 4, 170.
- Women and Heart Disease: Unique Aspects of Teaching Women; 4, 179.
